GoDigital International Final Conference

On 22 September 2020, the final conference of the Erasmus+ GoDigital project entitled: "Digital Competences of a 21st Century Teacher" took place. The event due to the restrictions related to Covid-19 was conducted online, through Microsoft Teams application.

During the conference each partner presented its institution and summarized the developed intellectual outputs. Participants had the opportunity to learn how to register on the GoDigital platform and what modules it contains. In the second part of the meeting the participants could get acquainted with the applications that were used during remote learning in the partner countries. There were presented: ClickMeeting, WEBEX, Zoom, Google Classroom, Microsoft Teams and PowerPoint. Each of the speakers described advantages and disadvantages of the above applications and their functions. The last part of the conference was a panel discussion on the practical experience of elementary school teachers in using modern technologies in school education. The participants had the opportunity to share their experience related to the use of remote learning applications during the Covid-19 pandemic.

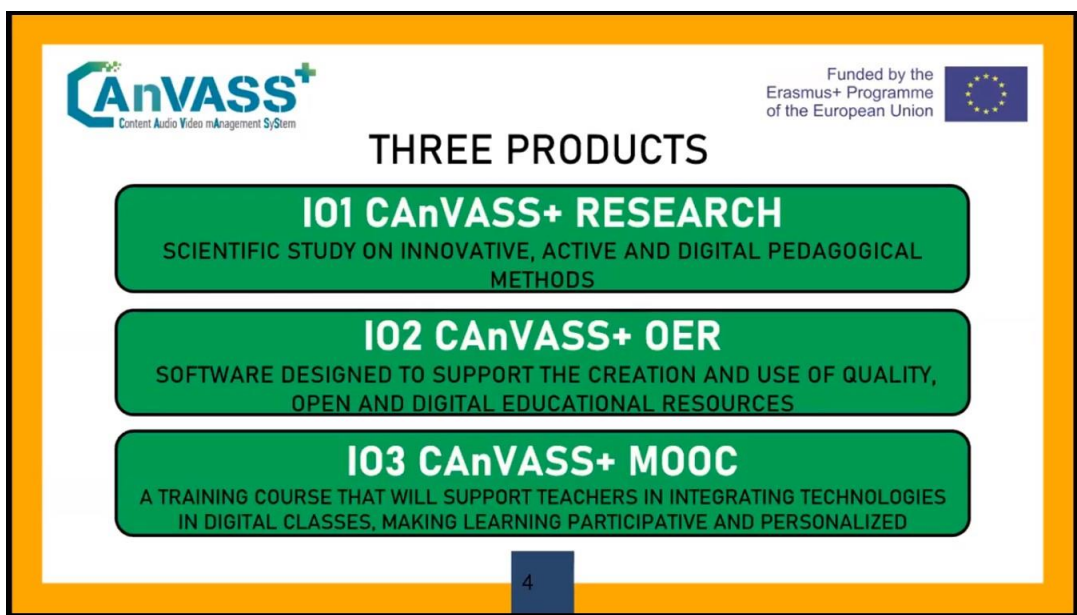

GoDigital Training "Blended Mobility of School Learners"

On 28-30 September 2020 the training "Blended Mobility of School Learners" took place. Due to the COVID-19 pandemic and the prevailing restrictions, the training was held online.

On the first day of the training the partners presented e-learning platform and its 5 modules (Internet, LMS, Website Design LMS, Hardware, Tools & Applications). On the second day, study visits were presented. Participants had an opportunity to participate in a real online lesson of the French language and the history in which Polish teachers use GoDigital project tools. On the last day of the training there was a discussion on the consequences of the COVID-19 pandemic, how they will affect teaching. There were presented MOOC and the CANVASS + Software which will guarantee teachers the opportunity to try their hand at creating video-lessons for free.

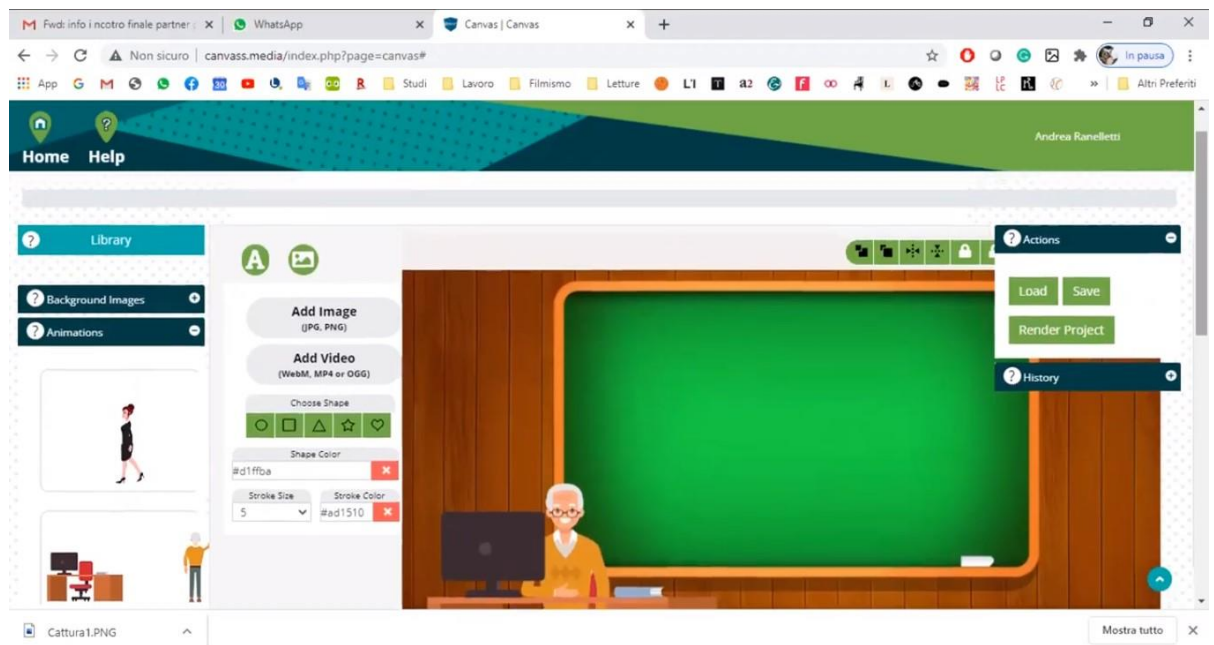

CanVASS+
